I. PURPOSE

This document provides guidance on how to complete the JHURA Agreement Workflow System (JAWS) Intake Form, which is required for submitting agreements for review and negotiation to JHURA. Agreements (especially contracts) may require negotiation by JHURA to ensure compliance with University policies and procedures.

All agreements should be submitted by the department for intake via the JAWS Intake Form. Even in instances where JHURA has approved the Coeus record, JHURA will still ask the department to submit the agreement via intake after reviewing the agreement for programmatic and budget accuracy.

Agreements will fall into two categories:

Standard Operating Procedure

Funded

A funded agreement (also known as a sponsored agreement) is an agreement that has funding attached to it (a budget.) This includes submitting a change to a funded agreement (there is already an SAP Grant Number) even if the change does not impact the budget.

- A modification (mod) to an agreement that is funded is considered Funded even if this particular mod does not increase or decrease the funding.
- A No-Cost Extension falls under the funded category if it is an extension to a funded project.

Unfunded

An unfunded agreement is an agreement that does not have any funding support. These agreements will not have a budget but can contain a scope of work or description of services to be provided by JHU. Execution of these agreements will not prompt the creation of an SAP Grant Number or revision of an existing Grant in SAP.

- An unfunded agreement, such as a Data Use Agreement ("DUA"), Confidentiality Agreement or Non-Disclosure Agreement ("CDA" or "NDA") should not have any COEUS IPN listed on the JAWS intake form.
- There will be instances where the funded and unfunded agreements are working in tandem with one another. It's important to make sure each agreement is assigned the correct Agreement Type. Here is an example where an agreement may be associated with a funded project/Coeus record, but should be marked as Unfunded:

Your PI is teaming with another organization to submit a proposal, and the organization asks JHU to sign an NDA and teaming agreement. Although these agreements are related to a funded contract we hope to receive, they do not involve exchange of money and therefore should be submitted through JAWS as Unfunded agreements.

A NOTE ON FUNDED VS. UNFUNDED AGREEMENTS

It is extremely important that you choose the correct type of funded or unfunded at the onset of your JAWS record. By entering a Coeus IPN, you are agreeing that the record should be funded, and all Coeus information will be brought into the record. If you change your mind to make the record unfunded, the system will not be able to recognize the change and JHURA will ask you to submit a new Intake Form. The same applies to unfunded records-you cannot change them to funded.

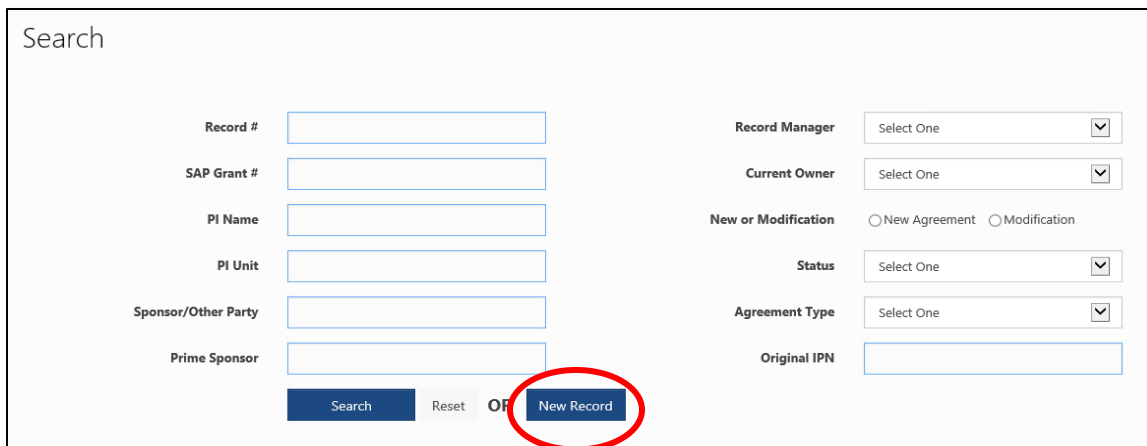

II. PROCEDURE

1. LOGGING IN

Log into [JAWS](#) using your JHED credentials.

2. RECORD CREATION

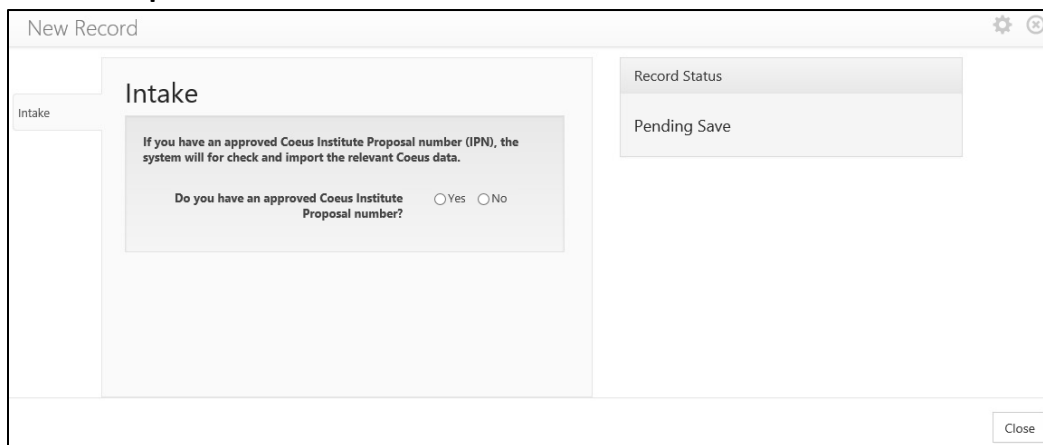

Click the New Record button.

The screenshot shows a search interface with the following fields and controls:

- Record #
- SAP Grant #
- PI Name
- PI Unit
- Sponsor/Other Party
- Prime Sponsor
- Record Manager (Select One)
- Current Owner (Select One)
- New or Modification (New Agreement, Modification)
- Status (Select One)
- Agreement Type (Select One)
- Original IPN
- Buttons: Search, Reset, **New Record** (circled in red)

A new window will appear that asks “**Do you have an approved Coeus Institute Proposal number?**”

The 'New Record' dialog box contains the following information:

- Record Status: Pending Save
- Intake section:
 - If you have an approved Coeus Institute Proposal number (IPN), the system will for check and import the relevant Coeus data.
 - Do you have an approved Coeus Institute Proposal number? Yes No
- Close button

<i>FUNDED</i>	<i>UNFUNDED</i>
If the agreement is funded, click the Yes radio button. You will be prompted to enter the Coeus IPN. See Appendix A for help in selecting the correct IPN. A list will populate below the IPN or Original IPN field that will bring up Coeus records as you input the number.	If the agreement is unfunded, click the No radio button.

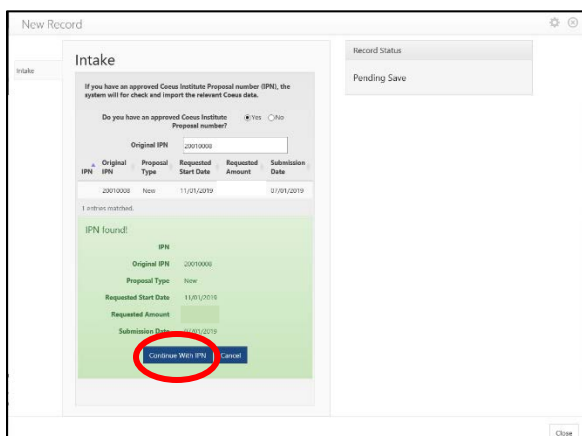

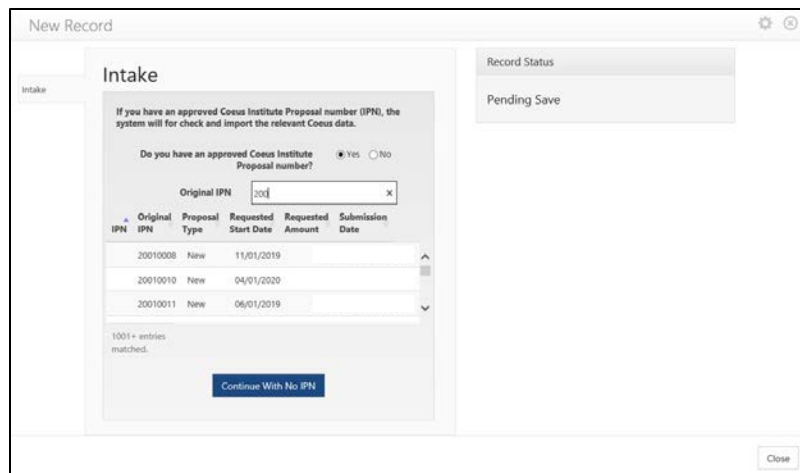

IMPORTANT NOTE

The "Correct IPN" means the IPN that matches the agreement/amendment you are submitting to JHURA to sign.

- For example, if you are submitting an amendment to add time and money, you would generally list the IPN of an associated supplement PD record (and NOT the original IPN from the original award, unless the original proposal already anticipated and included these funds in its budget).
- If you are submitting a task order, the correct IPN to list would be the IPN generated after JHURA approved the related PD record with proposal type "task order" (and not the original IPN linked to the "master agreement" COEUS PD record).

3. FUNDED RECORDS

Select the IPN by clicking on it. Upon locating the Coeus IPN, you will see a message that says IPN Found! Click the **Continue with IPN** button to proceed, or the **Cancel** button to cancel the request.

The Intake Form will appear. See example on next page.

The next question says **“What type of modification?”**

Option 1: Select **Modification adds funds or changes terms**

Option 2: Select **No Cost Extension (only adds time only with no other changes)**

Add any information to the **Additional Comments** field if you have any additional details to include.

Option 2: Select **“Need JHURA to create a new modification from JHURA template”** if you do not have an agreement and need JHURA to draft it for you.

Complete **“Enter details needed for JHURA to create a new modification”**

Complete the **Additional Comments** field if you have any relevant additional information to include.

The next question says **“What type of modification?”**

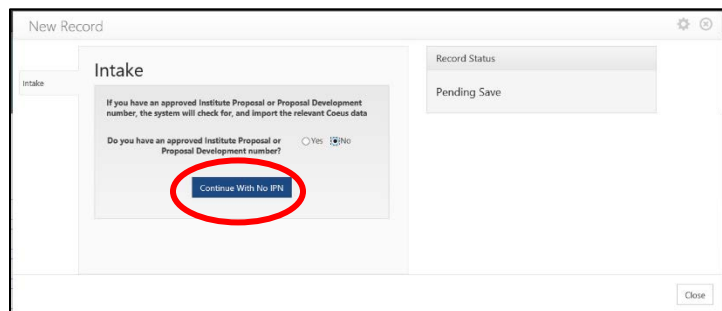

Option 1: Select **Modification adds funds or changes terms**

Option 2: Select **No Cost Extension (only adds time only with no other changes)**

Add any information to the **Additional Comments** field if you have any additional details to include.

4. UNFUNDED RECORDS

If **No** is selected, you will be prompted to click **Continue With No IPN**.

The screenshot shows a 'New Record' window with a tab labeled 'Intake'. The main content area contains the following text: 'If you have an approved Institute Proposal or Proposal Development number, the system will check for, and import the relevant Coeus data'. Below this is a question: 'Do you have an approved Institute Proposal or Proposal Development number?' with radio buttons for 'Yes' and 'No'. The 'No' option is selected. At the bottom of the question area, there is a blue button labeled 'Continue With No IPN' which is circled in red. To the right of the main content area, there is a 'Record Status' field with the text 'Pending Save'. A 'Close' button is located in the bottom right corner of the window.

The intake form will appear.

The screenshot shows a web form titled "New Record" with a sidebar menu containing "Intake". The main form area is titled "Intake" and contains the following fields and options:

- Agreement Type ***: A dropdown menu with "Select One" and a downward arrow.
- Funded? ***: Radio buttons for "Funded" and "Unfunded".
 - Funded or Unfunded Guide ***:
 - Funded - e.g.: Grants, Cooperative Agreement, Incoming Professional Services Agreement
 - Unfunded - e.g.: Data Use Agreement, Non-Disclosure Agreement, Memorandum of Understanding
- Coeus IPN**: A text input field.
- Original IPN**: A text input field.
- Change Coeus or Original IPN**: A small text label below the IPN fields.
- New or Modification? ***: Radio buttons for "New Agreement" and "Modification".
- Additional Comments ***: A text area with a "(Limit 1000 characters)" note below it.

- PI Unit ***: A search input field with "Enter 2 characters for search..." placeholder.
- Requestor's Name ***: A dropdown menu with "Staff, EHS" selected.
- Requestor's Email ***: A text input field with "spthstff@jh.edu" entered.
- Additional Contacts**: A text area with a note: "List any additional people to receive email notifications (enter email addresses supported by semicolons)".
- Does this agreement relate to COVID-19 work? ***: Radio buttons for "Yes" and "No".
- Sponsor ***: A search input field with "Enter 2 characters for search..." placeholder.
- Sponsor Contact Name and Email ***: A text input field.
- Are there outgoing subawards associated with this action? ***: Radio buttons for "Yes" and "No".
- Document Type ***: A dropdown menu with "Select One" and a downward arrow.
- Select File**: A file selection interface with a "Browse..." button, a "Drop files here" area, and an "Upload" button. Below the file selection area, it says "Supported file types: PDF (.pdf), Word (.doc, .docx), Excel (.xls, .xlsx)".

At the bottom of the form, there are two buttons: "Save and Submit to JHURA" and "Cancel". A "Close" button is located in the bottom right corner of the window.

IMPORTANT NOTE

If you enter a COEUS IPN on the JAWS intake form, such as the COEUS IPN for the funded award that is related to this unfunded agreement, then the JAWS record will be populated with the wrong info, because JAWS will pull the info from the funded award as opposed to the agreement you want JHURA to now sign.

IPN TYPES

[ORIS Proposal Type Decision Chart](#)-this chart contains detailed descriptions of each Proposal Type.

Proposal Type - New

When you create a record, only the Original IPN field will populate when you enter an IPN. For example, the IPN is blank and the Original IPN is 17120040.

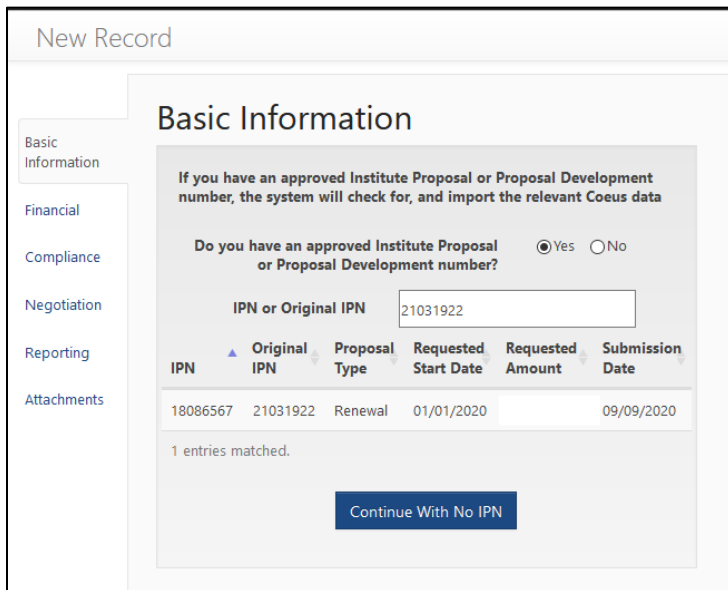

Proposal Type - Continuation

Continuation IPNs cannot be used to set up a JAWS record.

Proposal Type - Renewal

When you create a record, the IPN and Original IPN field will populate when you enter an IPN. For renewals, the IPN will be an older number. For example, the IPN is 18086567 and the Original IPN is 21031922.

The screenshot shows the 'New Record' form with the 'Basic Information' tab selected. A message states: 'If you have an approved Institute Proposal or Proposal Development number, the system will check for, and import the relevant Coeus data'. Below this, a question asks 'Do you have an approved Institute Proposal or Proposal Development number?' with 'Yes' selected. The 'IPN or Original IPN' field contains '21031922'. A table below shows a search result for a renewal:

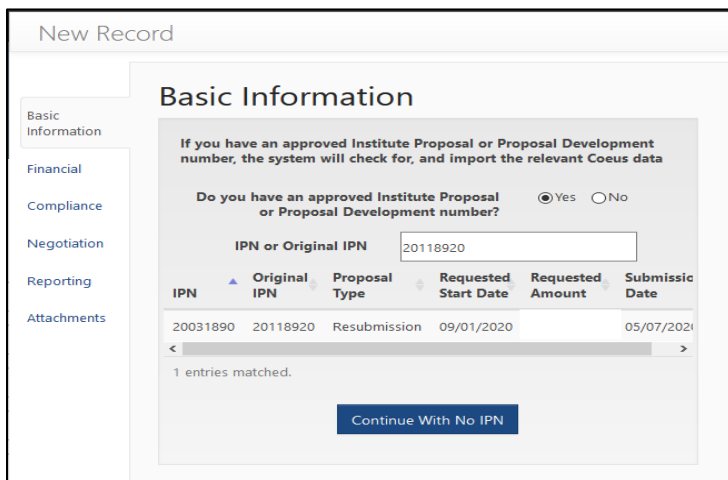

IPN	Original IPN	Proposal Type	Requested Start Date	Requested Amount	Submission Date
18086567	21031922	Renewal	01/01/2020		09/09/2020

1 entries matched.

Proposal Type - Revision

Revision IPNs cannot be used to set up a JAWS record.

Proposal Type – Supplement

When you create a record, the IPN and Original IPN field will populate when you enter an IPN. For supplements, the IPN will be an older number. For example, the IPN is 21021052 and the Original IPN is 17010098.

The screenshot shows the 'New Record' form for a 'Supplement' proposal type. The 'IPN or Original IPN' field contains '21021052'. Below this is a table with one entry:

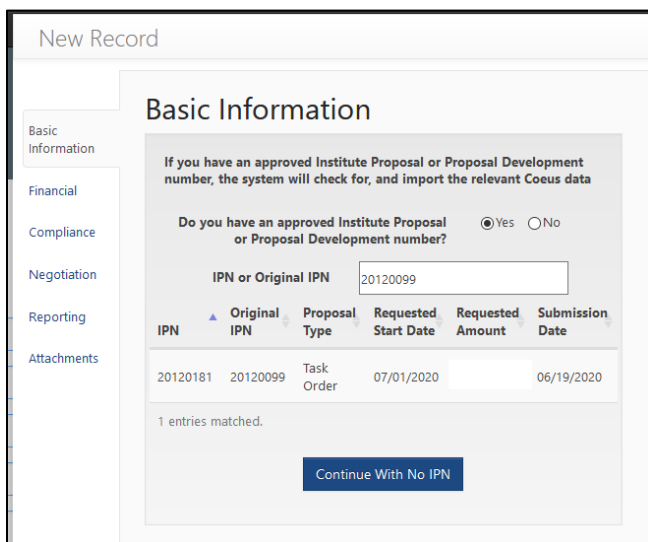

IPN	Original IPN	Proposal Type	Requested Start Date	Requested Amount	Submission Date

APPENDIX B: AGREEMENT TYPE

AGREEMENT TYPE	DESCRIPTION	FUNDED OR UNFUNDED
Allocation Agreement	An agreement to share or allocate IP rights between parties.	Unfunded
CDA/NDA	An agreement that ensures that discussions (between JHU and Entity) are kept confidential while interested parties determine if they should pursue future sponsored activity.	Unfunded
Clinical Trial Agreement	An agreement that governs the conduct of a Clinical Trial research study and sets forth the obligations of each party to the agreement.	Funded
Closeout	Documents signifying the end of the award. Commonly known as Final Invention Statement, Final Technical Report, Final Equipment Report. Request for a Final Invoice or Final Financial Report can be sent directly to SPSS.	Funded
Cooperative Agreement	An agreement that is similar to a grant, but where the Government expects to be much more involved in project planning and implementation. This participation is referred to as “substantial involvement.”	Funded
CRADA	A contract between a federal agency and a nonfederal entity. CRADAs are intended to allow the federal government and non-Federal partners to optimize their resources, share technical expertise in a protected environment, share intellectual property emerging from the effort, and speed the commercialization of federally developed technology.	Funded
Data Use Agreement	An agreement for the transfer or use of data where the data is nonpublic or is otherwise subject to some restrictions on its use.	Unfunded
Equipment Loan Agreement (Bailment)	An agreement where one party agrees to take physical possession of another's property for stated purpose, but does not take ownership of it/will return it.	Funded
FDP Agreement	An agreement issued by a member of the Federal Demonstration Partnership. This is a template agreement with terms previously agreed upon.	Funded
Grant	An agreement that provides financial assistance to carry out an approved project or activity. Differs from a contract in that there are not typically deliverables.	Funded

Standard Operating Procedure

Incoming Professional Services Agreement	A contract where JHU providing a service/consulting to sponsor. Other Sponsored Activity. Analyzing someone else's data, trainings etc.	Funded
Incoming Subcontract	A contract under another entity's prime award that transfers a substantive portion of a scope of work and associated funding to JHU.	Funded
Incoming Subgrant	A grant under another entity's prime award that transfers a substantive portion of a scope of work and associated funding to JHU.	Funded
Intellectual Property Agreement	A contract that sets out specifically the intellectual property rights between two parties. Sometimes these are required at the proposal stage for federal sponsored activity.	Unfunded
Internal Work Agreement	An agreement when one JHU entity is looking to engage another JHU entity. There are funds attached to this agreement, but they are done by internal cost transfer, not SAP Grant update, so this is considered an unfunded agreement.	Unfunded
Letter of Authorization	A letter authorizing spending for a specific period of time prior to issuance of an agreement.	Funded
License Agreement	A contract that grants the licensee the right to produce and sell goods, apply a brand name or trademark, or use patented technology/copyright/other intellectual property owned by the licensor.	Funded
Master Agreement	A contract where the activity is anticipated to be multiple projects under one umbrella agreement. Useful when working frequently with the same funder on similar technical services or consulting projects. Eliminates need to negotiate individual agreements. *Master Agreements have Coeus IPN numbers. These are still treated as unfunded agreements. For the question "Do you have an approved Coeus Institute Proposal number?" select No. You will be able to manually enter the Coeus IPN in the next screen.	Unfunded
Membership Agreement	A contract where the parties involved in the agreement agree to join together in a cooperative effort to support an initiative.	Unfunded
Memorandum of Understanding	A form of agreement between two or more parties to establish relationship/partnership.	Could be either

Material Transfer Agreement	A legal document defining the conditions under which research or other materials, or data, can be transferred and used among the parties, including research laboratories.	Please send to JHTV . They are not entered in JAWS.
No Cost Extension	A modification to an agreement that adds time only.	Could be either
Notice of Award	A standard federal grant award to recipient to accomplish public purpose. Commonly issued by NIH, NSF, NASA	Funded
Other Transaction Authority Agreement	OTAs are another agreement mechanism that may be used by the US government. These should be reviewed and generally treated as a formal contract.	Funded
Pre-award (used for JHSPH only)	Document that allows for the creation of an SAP grant number on an award that has not been fully executed.	Funded
Pre-Teaming Agreement	An agreement where JHU and other institution may collaborate on a proposal and wish to document exclusivity in the event such collaboration goes forward. Not frequently used by most academic areas, as a teaming agreement usually is sufficient.	Unfunded
Program Income Agreement	An agreement that allows JHU to keep funds received from SOW to use for other agreed upon not for profit purposes.	Funded
Publication Authorship Agreement	An agreement used when faculty is going to publish or assign rights to another entity.	Unfunded
Secondment Agreement/IPA	An agreement used when an employee is assigned on a temporary basis to work for another organization (listed in JAWS as the "sponsor").	Unfunded
Service Center Agreement	A standard agreement used for Service Centers that will not be set up as a sponsored account.	Unfunded
Standard Research Agreement	An agreement most commonly used for research projects (i.e. contract).	Funded
Student Agreement	An agreement where JHU student activity is the primary focus.	Unfunded
Task Order Agreement	An agreement or performance of a project taking place under and governed by a Master Agreement. Each project is a "Task" under a separate Task Order, separate Coeus record.	Funded

Standard Operating Procedure

Teaming Agreement	An agreement for JHU and other institution(s) when collaborating on preparation and submission of a proposal, with one institution as prime recipient (team lead) and other institution as subrecipient (team member).	Unfunded
